**Source: SD Bureau of Finance and Management**

Transferred \$700,000 in other fund expenditure authority from Computer Services and Development in the Bureau of Finance and Management (BFM) to the South Dakota Retirement System (SDRS). This is a one-time transfer from operating expenses to operating expenses. The Computer Development Pool is available to agencies for technology expenditures. The expenditure authority for SDRS is needed for software development to establish a new retirement benefit structure as a result of the passage of SB13.

I declare and affirm under the penalties of perjury that this claim has been examined by me, and to the best of my knowledge and belief, is in all things true and correct.
