Executive Board  
Legislative Research Council  
500 E. Capitol Ave.  
Pierre, SD 57501

South Dakota Codified Law 4-5-58 states that by January fifteenth of each calendar year, the State Investment Council shall submit a report to the Executive Board of the Legislative Research Council regarding compliance with SDCL 4-5-48 to 4-5-60, Iran Divestiture. The items to be addressed in the report as outlined in the law are listed below. The actions taken by the Council are in italics.

1. A copy of the most recent list of scrutinized companies;  
§4-5-49 instructs the Council to identify all scrutinized companies in which it has direct holdings from publicly available information. *The Council references lists produced by the State of Colorado and Florida.*  
§4-5-50 requires the Council to assemble a list of scrutinized companies in which it has direct holdings from the list developed. *This was originally completed at the 8/23/10 Council meeting.*  
§4-5-51 states that the Council shall update the scrutinized companies list each quarter based on continuing information. *The most recent memorandum to the Investment Council dated November 21, 2014 with recommended updates to the list is attached. The Council approved the updated list at their December 9, 2014 meeting. The scrutinized company list will continue to be updated as new information is received.*
2. A summary of correspondence with companies engaged by the State Investment Council pursuant to §4-5-52 (Procedures with respect to companies on the scrutinized companies list);  
*No new companies were added to the scrutinized companies list in which a direct position was held.*
3. A list of all investments sold, redeemed, divested, or withdrawn in compliance with §4-5-53 (Divestiture of securities in companies with scrutinized business operations);  
*No direct holdings were sold, redeemed, divested or withdrawn as a result of the Iran divestiture law.*
4. A list of all prohibited investments pursuant to §4-5-54 (Acquisition of securities in companies with scrutinized business operations prohibited);  
*The internal managers and direct external managers have been provided the updated scrutinized companies list and instructed not to purchase any company on the list. The most recent notification was emailed on Thursday, December 11, 2014. The Investment Council's investment accounting department monitors the various account holdings. The December 31, 2014 report is attached.*

5. A description of any progress made pursuant to §4-5-57 (Indirect holdings in actively managed investment funds).

*Notifications were made and staff will continue to monitor.*

On July 1, 2010 the President of the United States signed H.R.2194: Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2009 which amended the Iran Sanctions Act of 1996. The State of South Dakota is subject to the federal law if it enacted divestiture legislation "before, on or after the date of the enactment of this Act". Both the state and federal law went into effect on July 1, 2010. The Federal requirements must be met to be granted safe harbor from legal action under the "Authority to Divest" provision.

Compliance with the federal law includes:

1. Providing written notice of the South Dakota law to the US Attorney General in the Department of Justice.  
*Wade Hubbard, counsel for SDRS, made the required notification in 2010.*
2. Providing written notice to each company to which the South Dakota law applies.  
*Letter notifications were sent as per §4-5-52.*
3. Divestiture cannot apply to a company earlier than the date that is 90 days after the date of the written notice.  
*The 90 day requirements are concurrent with the 90 day state law requirements in §4-5-52. No companies were sold for divestment purposes during the 90 day period.*
4. Opportunity provided for companies to demonstrate that the measure shall not apply.  
*Companies were given 90 days from notification to demonstrate in writing that the divestment requirements should not apply.*
5. Make every effort to avoid erroneously targeting a company and verify that the company has targeted activities in Iran.  
*§4-5-22 requires that a scrutinized company on the list be given the opportunity to clarify its scrutinized business operations in writing before divestment can occur.*

On November 23, 2013 the White House released a statement entitled "Fact Sheet: First Step Understandings Regarding the Islamic Republic of Iran's Nuclear Program". In return for Iran halting enrichment of uranium, the P5+1 governments will provide limited, temporary and reversible relief of sanctions. These changes will be monitored to determine their effect on the Iran scrutinized companies list.

Sincerely,

Matthew L. Clark  
State Investment Officer

### MEMORANDUM

TO: South Dakota Investment Council and  
Matthew L. Clark, CFA, State Investment Officer

FROM: Tammy V. Otten, CPA CFA  
Assistant Investment Officer Fixed Income/Derivative

DATE: November 21, 2014

RE: Iran Scrutinized Companies List

The Iran divestment law (SDCL 4-5-48 to 4-5-60) went into effect on July 1, 2010. The Council utilizes two public lists, Colorado and Florida, to determine the South Dakota list of Iran scrutinized companies. The Colorado list is generally used with select additions from the Florida list.

There were no changes to the most recent Colorado list dated April 17, 2014 from their prior list. Florida's most recent list dated September 23, 2014 removed two companies from their prior list, MISC Capital Ltd and Sinopec Finance. MISC Capital remains on the Colorado list.

The Council passed motions in April and June of 2012 to keep three companies not on the Colorado list at that time on the South Dakota list until removed from the Florida list. The three companies were Sinopec, CNOOC Ltd. and China Oilfield Services. Sinopec Finance has now been removed from the Florida list. The other companies remain on the September 23, 2014 Florida list and therefore will continue to be included on the South Dakota list.

The current South Dakota list was approved by the Council at the April 9, 2014 meeting with no change at the June 16 or September 9, 2014 meetings. The proposed list, first attachment, removes Sinopec Finance per the 2012 Council motions.

Per the second attachment, as of October 31, 2014 there were no companies on the list held directly by the internal or separately managed external managers. The law allows SDRS to invest indirectly in companies on the list through pooled funds. SDRS holds approximately 1% of a pooled fund managed by Dimensional Fund Advisors (DFA). DFA has been informed of the law and their response is on file.

**STAFF RECOMMENDATION:** *Staff recommends to change the Iran Scrutinized Companies List at the December 9, 2014 Council meeting to remove Sinopec Finance.*
